ROBINSON STUDENT LIFE

Student life, that's what makes up the uniqueness of every student here at Robinson High. Whether your idea of having fun is going to parties, dancing, acting crazy, or just being alone, you can always find someone else doing the same thing. Aside from school activities, many students are involved in activities outside of school. These range from showing horses, to ballet dancing, water skiing, or even motorcross racing. All of these things make up you, Robinsons student life!

Pastime has many different meanings to many different people; to some it means sleeping, dancing, skating, reading, walking or just listening to music.

Pastime is a nice thing only if you don't over pastime. Sometime you can let your pastime get in the way of your work or study time.

Pastime is only good if you know when and how to use your pastime.

Sometime your favorite pastime can be helpful to you in your work and study.

So, if you ever have time to pastime please use it wisely.

Gymnastics

Flying through the air with the greatest of ease. This is how Chris Hummer spends her spare time three to four hours a day. Chris takes gymnastics Monday thru Sunday afternoons.

She competes in gymnastic meets all over the state and sometimes out of state. Balance beam, floor exercises, vaulting, and parallel bars are the events she competes in at gymnastic meets. There are four qualifying meets during the season. The judges score on a scale of 1-10, 10 being the best. At the end of the season judges add up the scores of the 4 qualifying meets. The season starts in September and lasts thru March. This takes concentration and very hard work.

During the summer months Chris competes in what they call fun meets. Chris also jumps on the trampoline and mini-tramp. The mini-tramp is a small round trampoline that the gymnast bounce off of and do flips onto the mats.

This activity takes precision and balance.

Music

Mona Mahan has been a pianist for five years now. She plays the piano for her enjoyment. Although she only plays for enjoyment she has competed in piano contests for three years. In these she has made a superior, very good, and an excellent. Mona has also received a Junior Instrumental Trophy, in 4-H.

She takes lessons once a week to improve her already smooth hand at playing the piano.

Mona also plays the piano for her Church. She is a member of the club Music Makers and plays the piano at her meetings. She played piano for the Joe T. Robinson choir in 1978-1979. Mona also played for half of the 1979-1980 school year. She said that she had also taught some piano lessons.

Dance

Ballet, Jazz, or Tap? Take your pick. Whatever you choose you can bet that Cindy Tippet or Darby Fulmer will teach you the steps.

Cindy and Darby have both been dancing for 13 years. They both take jazz, tap, and ballet at Joel's. Darby takes 2 days a week, and Cindy takes once a week. While Cindy is taking ballet at Little Rock Ballet Academy, Darby is teaching classes at Joel's.

Cindy intends to get a major in Ballet when she goes to college.

Darby likes her dancing ability for a hobby to continue for the rest of her life.

Service

If you see someone jogging down highway 10 you can take a good guess that it is Robert Charles Crockett, a Green Beret to be.

Robert jogs home three and a half miles everyday after his hour workout at school. He runs track for half an hour then does exercises for another half an hour. It takes him 30 minutes to jog home from Robinson, he said.

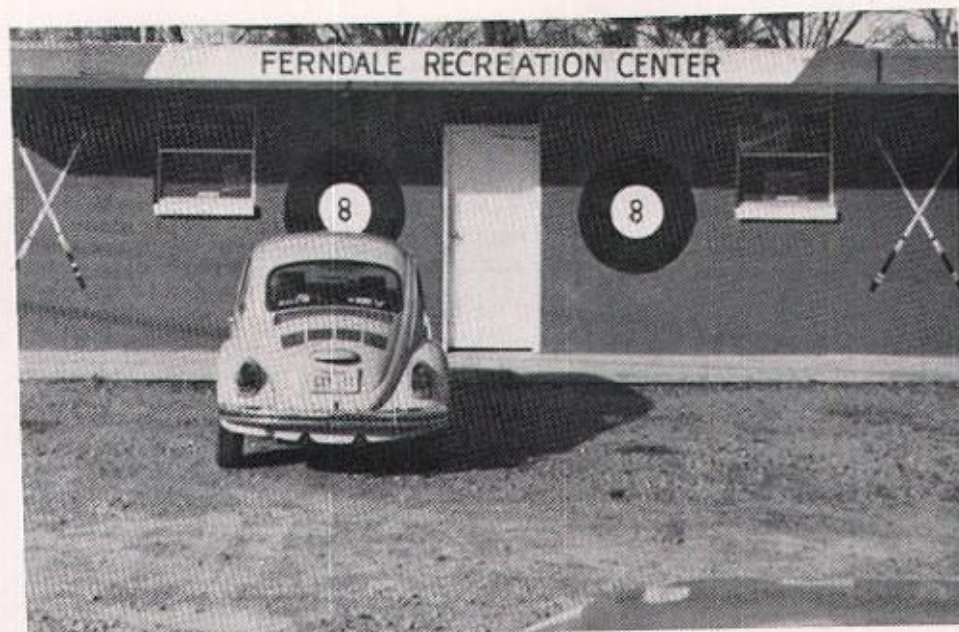

This summer he plans to go to Ft. Leonard Wood in Missouri for eight weeks of Advanced Individual Training. He will then attend Airborne Training at Ft. Benning, in Georgia for three weeks. Robert plans to go to the University of Central Arkansas for four years.

Then it will be time for his Green Beret training at Ft. Bragg in North Carolina. This will last for four months.

With such great dedication and interest he will surely succeed.

If you've ever visted Ferndale, you know that after the sun goes down all excitement dies. That's until the week-end rolls around. In this case the excitement starts when the sun goes down. If you like to play pool, pinball, or others you can visit the Ferndale Rec Center. On Friday nights you can hear live country music at the Community Center. If your thing is getting together with a few friends you might want to try one of the many clubs on Garrison Road. Except for weekdays, Ferndale has a lot to offer.

Candy Strippers are people who volunteer their time and services to help out at their local hospitals during the summer. Several Robinson students have donated their time to serving others in this way.

They do such things as running errands, computer work, answering patient calls, working in the nursery and the labor room. They can do almost everything but give medicine.

The age limit on being a candy stripper is 14 years old, or be in the 9th grade.

Lauren Goodloe, Lori Lynch, Charlene Jones, Pam Turpin, and Paula Cooper are some students who have done this.

When asked why they volunteered, the general response was that it helps you get a good start on your medical career, or just see if really what you want to go in to, or they like to do it, and you really learn a lot.

Two Students from Robinson attended classes at U.A.L.R. this fall for one semester. They were Lisa Plunkett and Leisa Tolliver. About 20 seniors from the Pulaski County Special School District attended. The class was "Career Choosing and Life Planning." It was held on Mondays and Wednesdays for an hour after school. Fridays the class had speakers in different occupations. The course was taught by Mr. Charles Donaldson.

The first part of the course was a classroom type situation. The last six weeks, the students participated in a mentorship. Leisa Tolliver went for three hours on Mondays to Barbie Soul Advertising Agency, where she learned how special ad schemes were thought up and put down on paper.

Lisa Plunkett was at the computer department at U.A.L.R. under the supervision of Mr. Phil Orahoad. The students tried to get an idea of what kind of job they might enjoy. The girls received one school credit and a college credit (one hour) for the course.

Dwight Wheeler and Jeff Holden are both members of the Pulaski County 4-H clubs. Through 4-H they have recieved many awards. The highest of these awards though was being named State winners of Arkansas. This enabled them to win a free trip to Chicago for a whole week. In addition to this award, Dwight was named a National winner in his project Bicycles.

Every year the Robinson fans look forward to the games against Oak Grove. Oak Grove has become our biggest rival, and along with this has come the great spirit, support, and vandalism.

In the past few years, the rivalry has brought about bright paint on the two schools with slogans such as "R.H.S. is #1", and "Go Big Green", and some things that we'll leave in the dust from the sand blaster. Along with the paint came the eggs and "rolled" houses.

This year the two school's Student Councils got together to devise a way of stopping the vandalism. Both school's Senior Cheerleaders made a flag with their mascot on it. The flags were to be given to the team who won. It was said that the flags would be exchanged back and forth to the school that won the games.

The rivalry doesn't bring all bad though, the spirit during the weeks of Robinson vs. Oak Grove games is super! This year the Robinson Senior Cheerleaders had a "spirit week" for the big football game. There was an extra long pep assembly in which the student body repeatedly chanted "BEAT OAK GROVE!"

On the other side of the river, there was also a lot going on. Oak Grove had a spirit week and an hour long pep assembly.

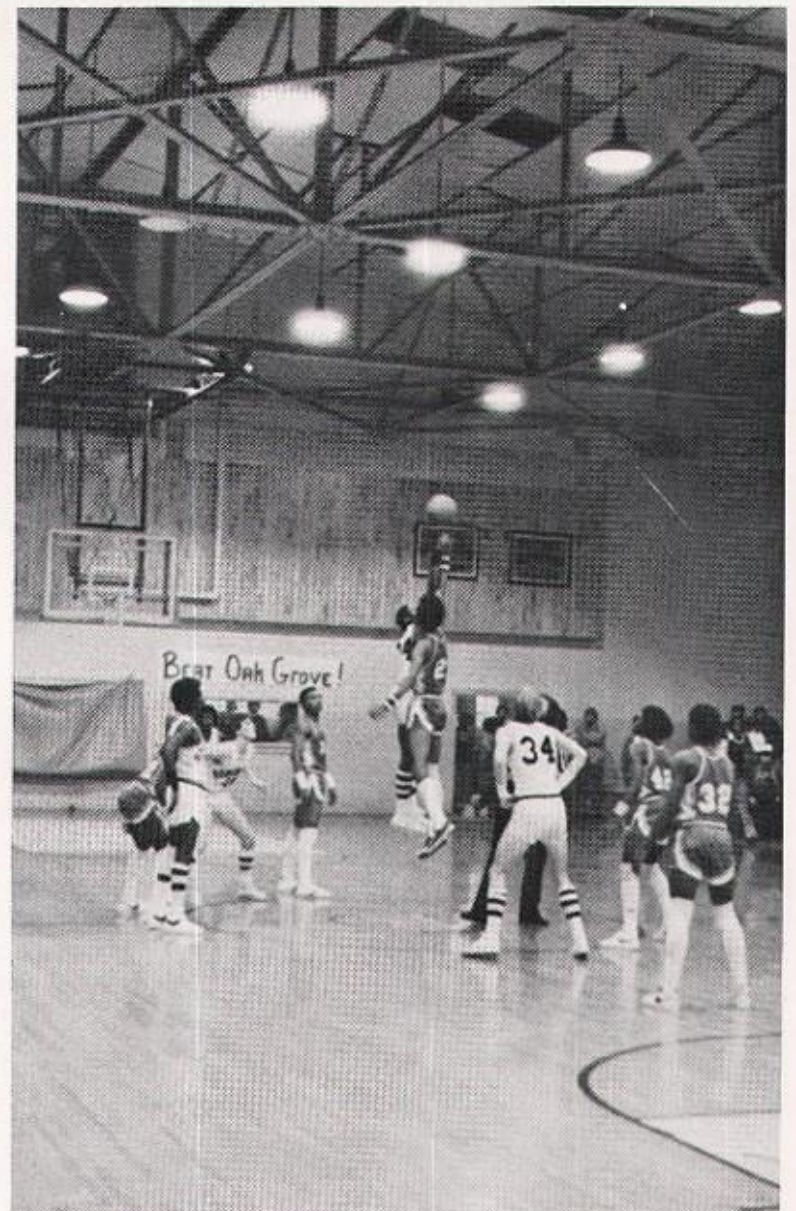

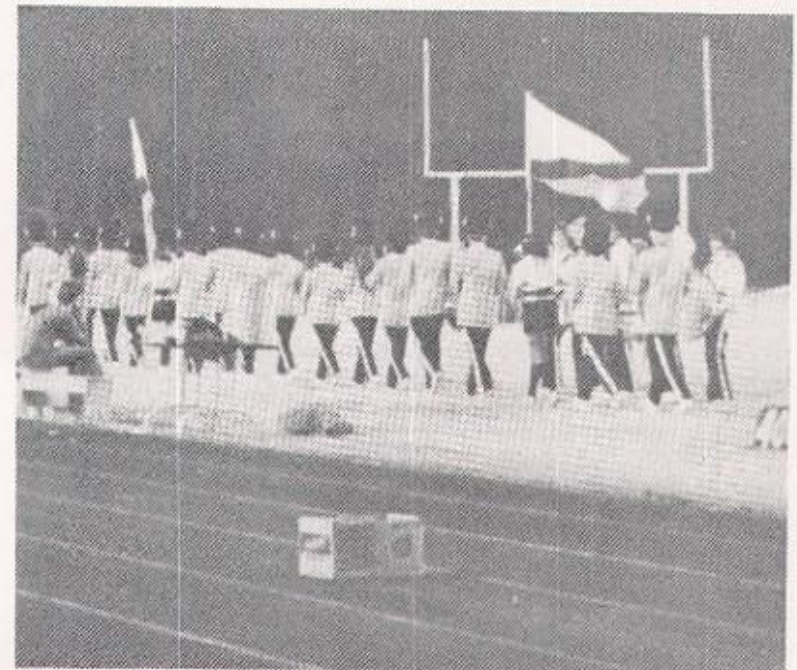

The football game didn't turn out as we had all wanted. Oak Grove won with a score of 13-6. The annual Band Contest was also an upset. Despite this, the fans continued to stand behind the Senators and help the basketball teams to gain continuous victory over Oak Grove.

The Hornets were really excited about the game at their home court. They sent a letter to Robinson saying that they were going to sell out the stands. To their surprise, Robinson fans occupied all of the visitors stands and half of the home stands.

Cheers were heard through the whole night. Robinson fans would be heard over Oak Grove's pep band and their cheerleaders. For the last few minutes of the game, the gym was ringing with the chant of "HEY, DON'T GO, WE'LL WALK YOU TO THE DOOR," by the Robinson fans, Cheerleaders, and pep club.

The game at Robinson turned out about the same. The Senators ran over the Hornets and sent them home very disappointed.

Oak Grove, isn't it time you learned that "R.H.S. IS THE BEST!!!"

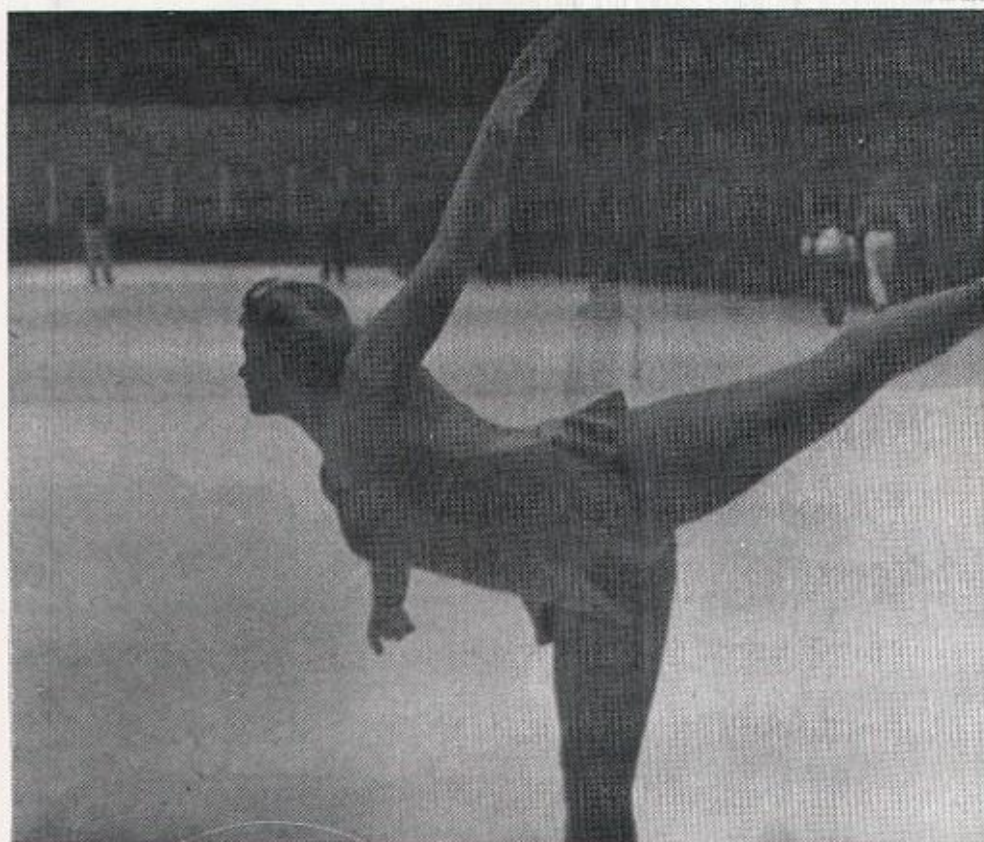

Did you know that the Arkansas State Champion in the sr. ladies division of figure skating goes to a student in our school? Angie Doremus, 18 yrs. old, has the privilege and honor of this award.

Angie has competed in many different parts of the U.S. such as; Arlington, Tx., New Orleans, La., Denver, Col., Chicago, Ill., and Gattinburg, Tenn.

Angie has achieved 12 gold medals, 50 silver medals, and 4 bronze medals. She has been Ice Skating for only 3 years and has been participating in single and partner competitions for 1 year.

Angie's partner for pairs is Steve Moseley. In their competitions they have won 3 medals-1 gold, 1 silver, and 1 bronze.

Angie hopes to continue with her ice skating and maybe some day be in the Olympics.

Five yearbook staff members: Michelle Tyler-Editor, Don Brown-Organization Editor, Lisa Plunkett-Girls Sports Editor, Paula Plunkett-Class Editor, Donald Martindale-Boy's Sports Editor, and Mrs. Karen Lowery-Sponsor, attended the 24th annual yearbook workshop at the University of Central Arkansas in Conway during the summer. The workshop lasted five days.

Dr. Manion Rice, a journalism professor at Southern Illinois University at Carbondale, was director of the workshop. About 150 students from about 30 different schools attended.

The R.H.S. staff members started the planning of the yearbook and attempted to get motivated for the 1979-80 Senator during that week.

Are you into the music scene? Doug Hunt and Owen White sure are. Not only do they both compose and perform songs but they both have won a scholarship in music. Doug plans to attend the University of Central Arkansas, while Owen plans to attend the University of Arkansas at Little Rock. Who knows, some day they may be famous singers!

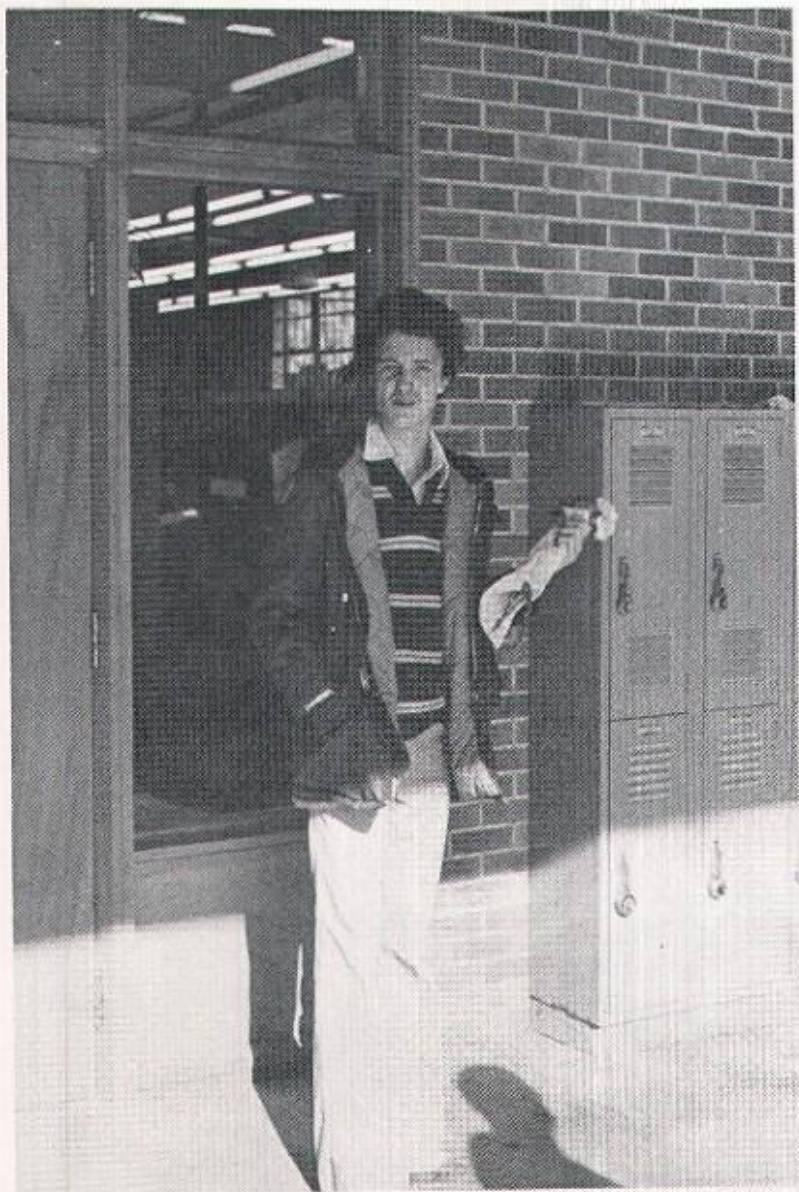

LIFE IN 1980 !!!!!

During the years of 1979-80, many different groups visited the T. H. Barton Coliseum for concerts. Many of our students here at Robinson have attended some of these such as, Billy Joel, Journey, Thin Lizzy, Z. Z. Top, Van Halen, Molly Hatchet, Styx, The Cars, Heart, and Kenny Rogers, which was a sell out.

There are different kinds of concert set ups. Most of them are set up to face just one side of the audience, but this year Kenny Rogers has a new set up. It's round so everyone in the audience will be able to see.

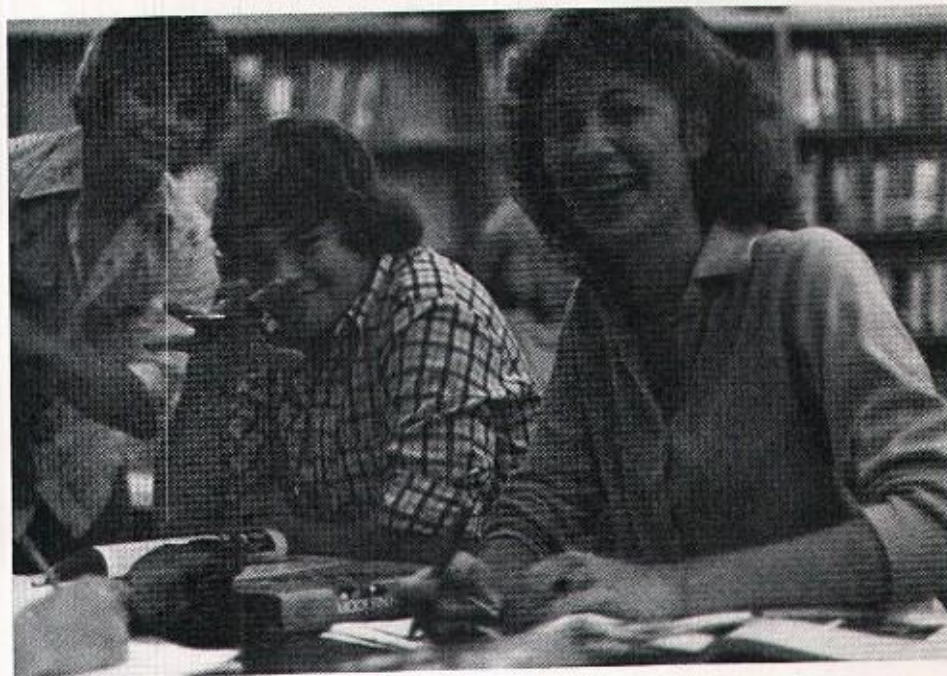

The average costs to see a concert is about \$6.50. Many of our students attend the concerts faithfully and report that they are very enjoyable and well worth their money.

Roller Skating is an old hobby, but a fast, growing fad. In the central Little Rock and Jacksonville areas there are about 8 rinks where you can rent your skates or bring your own.

Inside the rinks you are free to skate almost any way you want just as long as you are not hurting anyone else or taking away from their fun. The new fad in roller skating is Roller Disco.

It costs about \$3.00 to skate for about 5 hours. It's very good exercises and most enjoyable

Russell Rainey, a student at Robinson, enjoys competitive water skiing as one of his summer hobbies. There are three different categories in which he competes. They are jump skiing, trick skiing, and slalom skiing.

In the jump skiing competitions you are judged by how far you can jump off a ramp.

In the trick skiing competition you are given so many minutes to show all the tricks you can do.

In the slalom skiing competition you have to maneuver yourself through bouy's. In order to win the competition you have to score the most points from all of the categories.

Russell won one trophy this summer in a competition.

Other students in our school who compete are David Bagley, he competes in barefoot and slalom skiing, and Mike Fulton, who competes in slalom and trick skiing. Mike has won one trophy in tricks on Lake Har...

MOTOCROSS

Here at Robinson, we have two young men who choose motocross as their hobby. They are Edward Kubitz, a freshman, and Todd Tugwell, a sophomore.

Edward rides a Suzuki 125. He has been riding for one year, and has already received many honors. These include two second place and a third place finish.

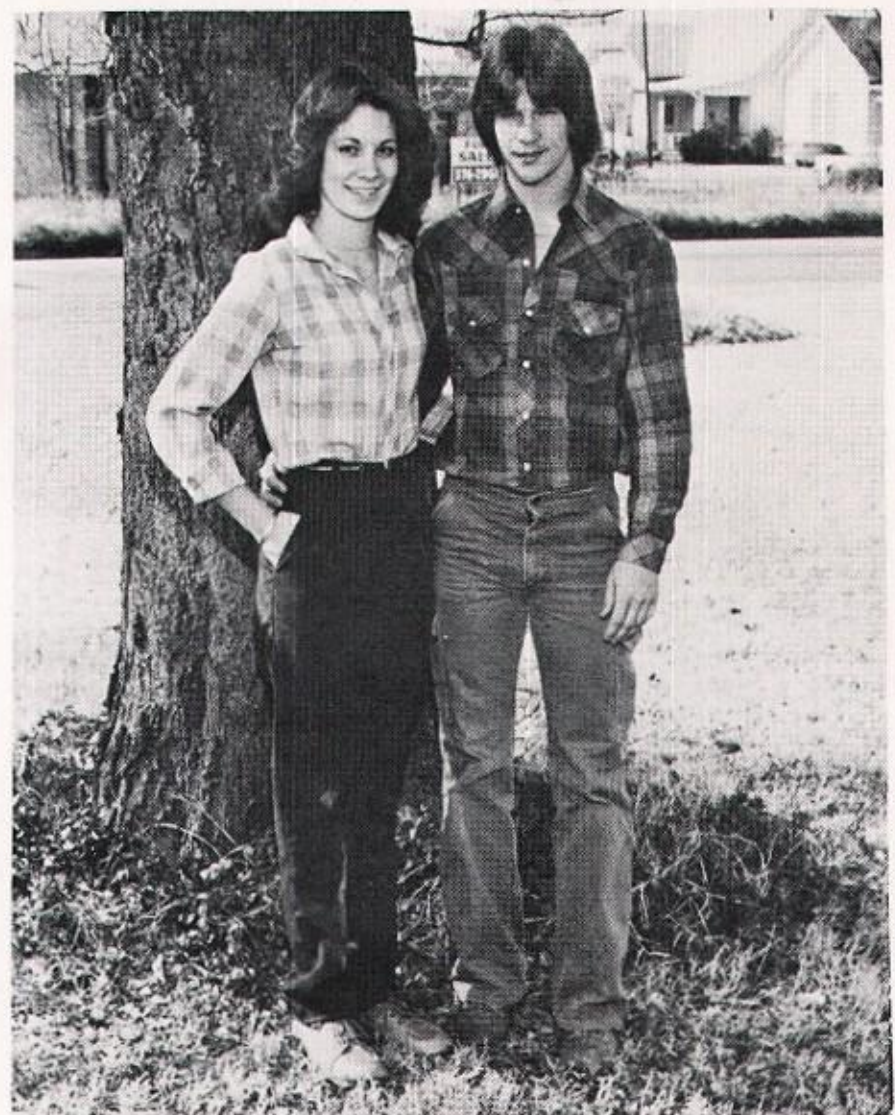

Edward said it took a lot of persuasion to convince his parents to let him race, because of the danger involved. Edward's mother still feels uneasy about him racing.

Edward missed several weeks of racing this year, due to a broken arm he received playing basketball.

Todd rides a Yamaha 125. He has been racing for two years. His travel has ranged from Broken Bow, Oklahoma to the Super Dome in New Orleans, Louisiana. He has won 26 trophies which include eight first place, seven second place, five third place, four fourth place, one seventh place, and one tenth place trophies. Todd has also received the Louisiana State Championship in the 125 and 250 classes.

Todd has also had a broken arm, which he received at the Jaycee race last year.

Both Edward and Todd plan to continue their hobby, motocross racing.

Along with the new school year came some new fashions.

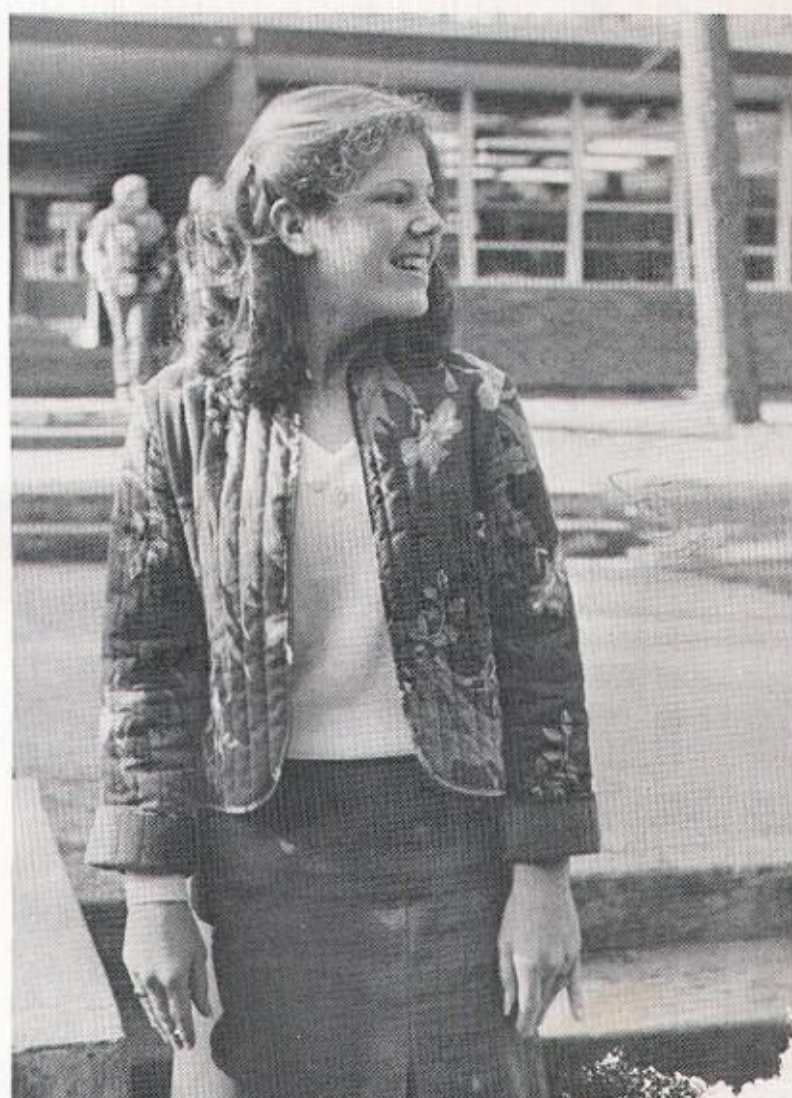

Walking down the halls of Robinson was like seeing your favorite fashion magazine come to life. Most of our students kept up with the quickly changing fashions.

Many of the girls were seen wearing straight legged jeans and cowboy boots. Baggy pants and spiked heeled shoes were very popular with the girls also. But the girls weren't the only ones dressing in style.

Some of the guys were seen wearing pleated pants with very stylish sweaters.

TAG

Talented and Gifted? What would you think a class would try to teach you that was called T.A.G.? This class teaches you to think.

These students get up early enough to be in class by 7:15. In this class the students learn to think critically and they learn more about their favorite hobby or the profession they wish to pursue.

For a semester project the students have to present a project on whatever hobby or occupation they are interested in.

Autumn Williams is researching to find out about her family tree.

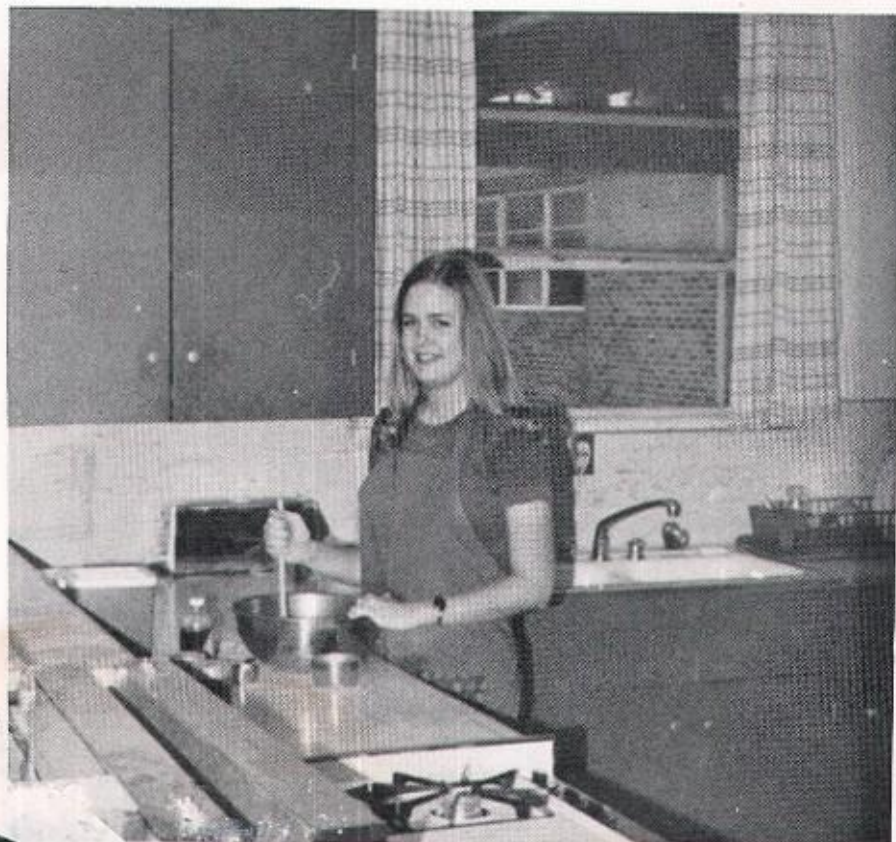

Cyndy Montgomery is doing a report on the history and culture of the people who lived on the Buffalo River.

Martha Strange is interested in creative media for teaching.

These students are stretching their abilities to the extreme end to learn everything they can.

HOMEMAKERS

The 4-H does a lot for kids. One of them is sponsoring cooking contests. Beverly Baskette is one of the people in them. She has competed in four 4-H sponsored contests.

Beverly has also competed in contests for Kraft and the Dairy Association.

Beverly applied for a scholarship to U.C.A. She plans to major in Home Economics. Beverly would also like to pursue a career in Foods and Nutrition.

DEDICATION

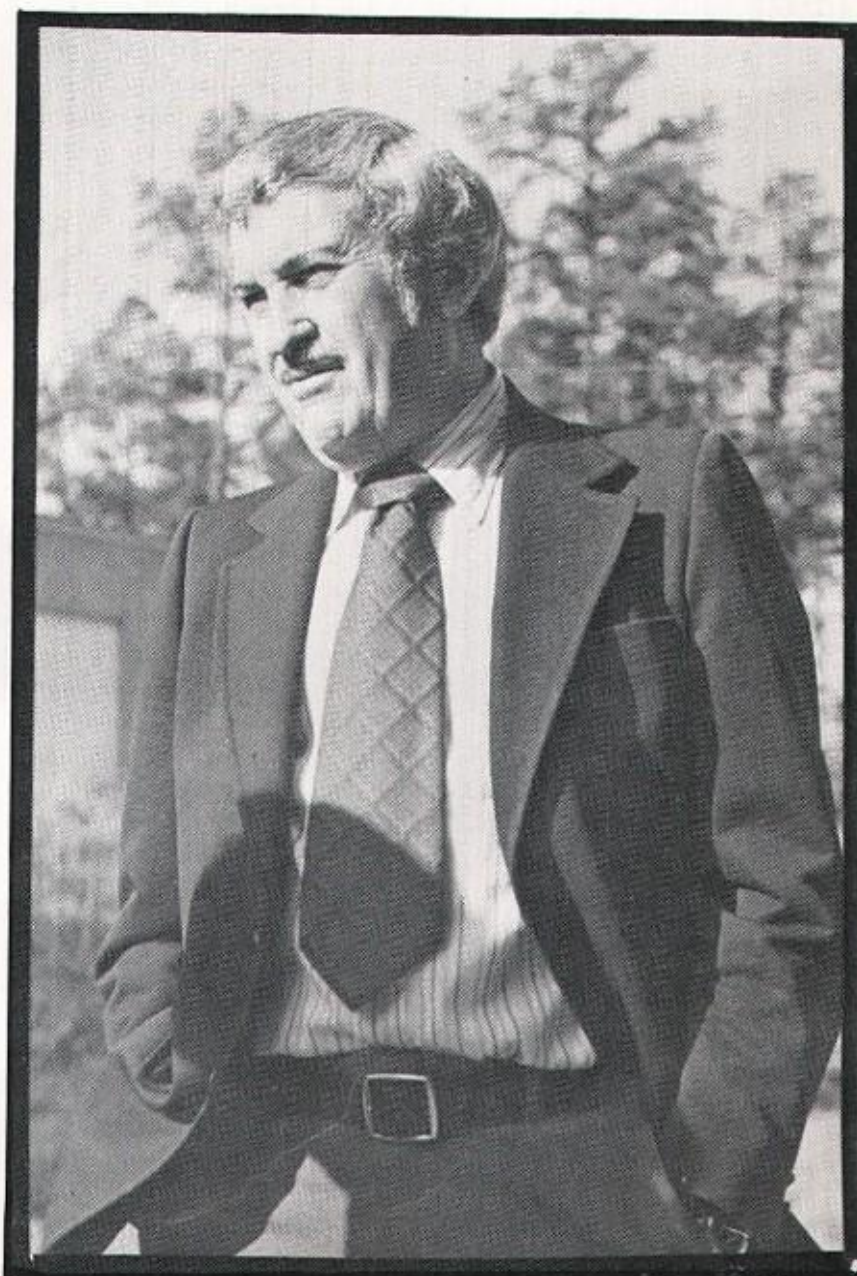

The 1980 Senator is dedicated to Mr. William McGaha, for his 13 years of outstanding service at Joe T. Robinson High School.

The tree of learning has many branches, and Mr. McGaha has been the root of one of those many branches at RHS. He has shown that education can be a very unique experience.

Through his involvement in many activities, both during and after school hours, he has touched the lives and hearts of many students. This year, he sponsored the Student Council, Teens for Christ, the junior choral group, and the senior choral ensemble.

The service he has put forth has made Mr. McGaha a man quite worthy of the honor of yearbook dedication. He has been an inspiration to both students and faculty at RHS.

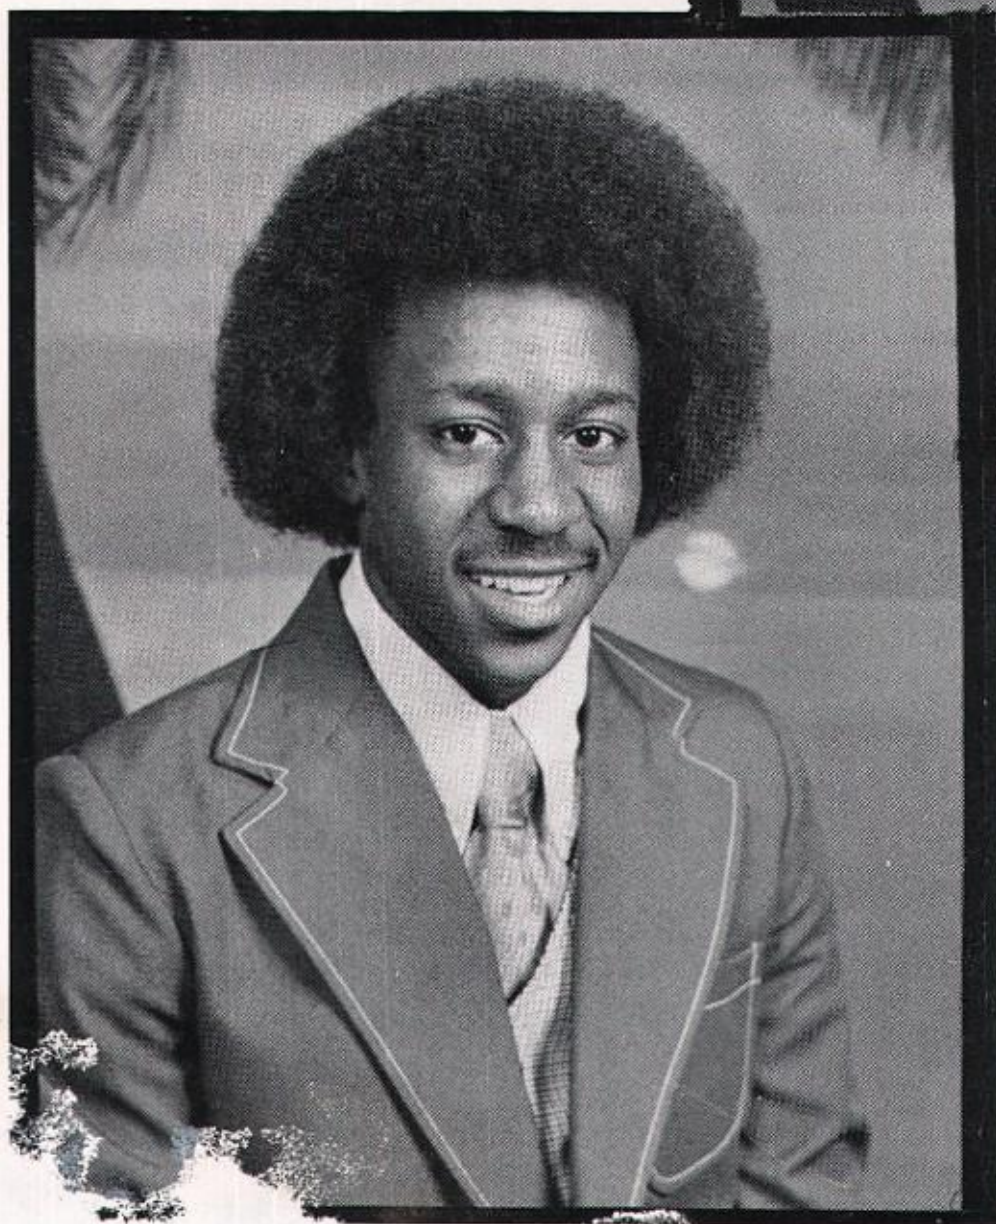

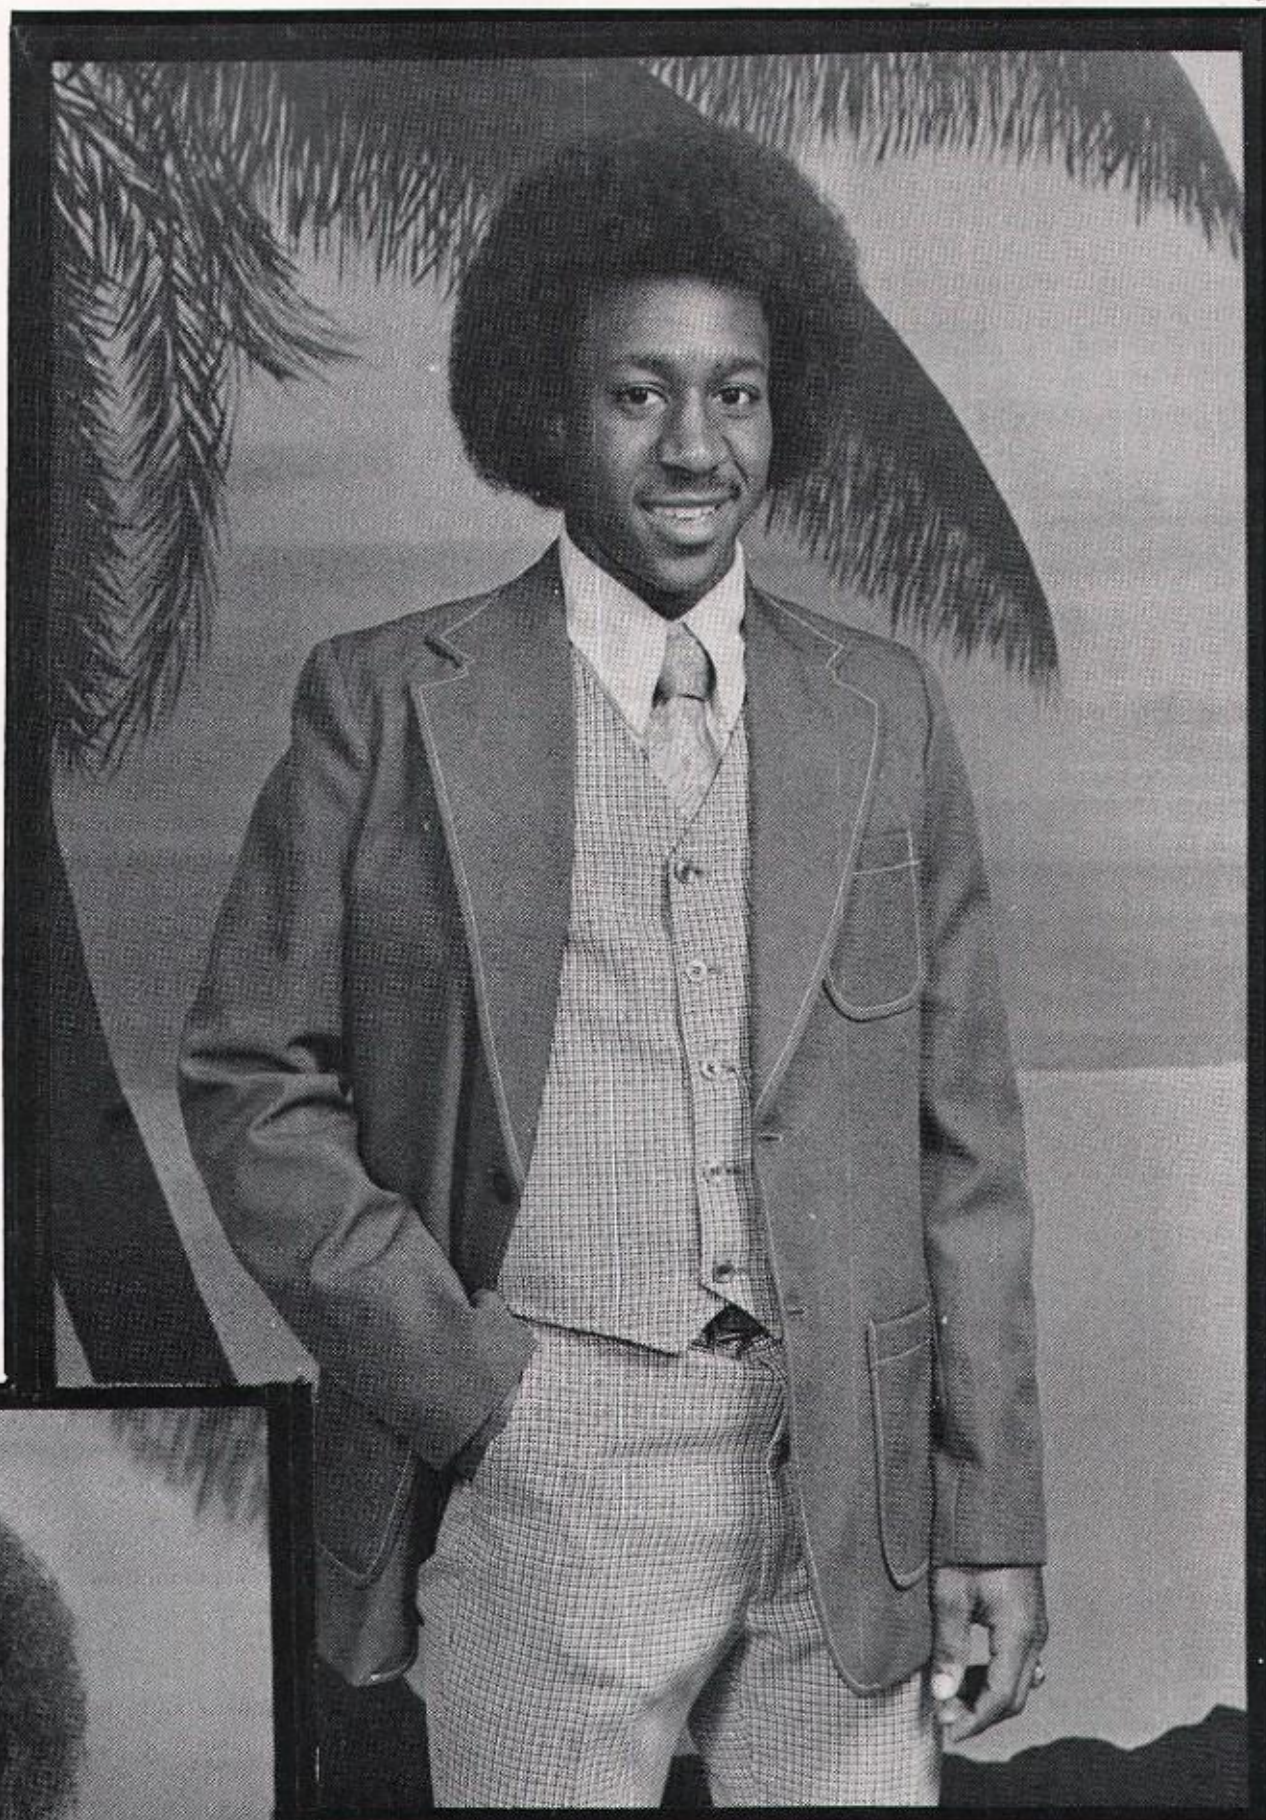

MR. MCGAHA

Chosen as this year's Mr. RHS was Clark Miller, the son of Mr. and Mrs. Elvin Miller.

Clark was chosen by Elaine Young of KTHV-11.

Clark is an active member of many clubs and organizations around the school. He is a member of FBLA, Teens for Christ, a five year letterman in basketball, was a delegate to Boy's State, and was a member of the band and the track and football team.

The runner-ups were chosen by : Elaine Young of KTHV-11

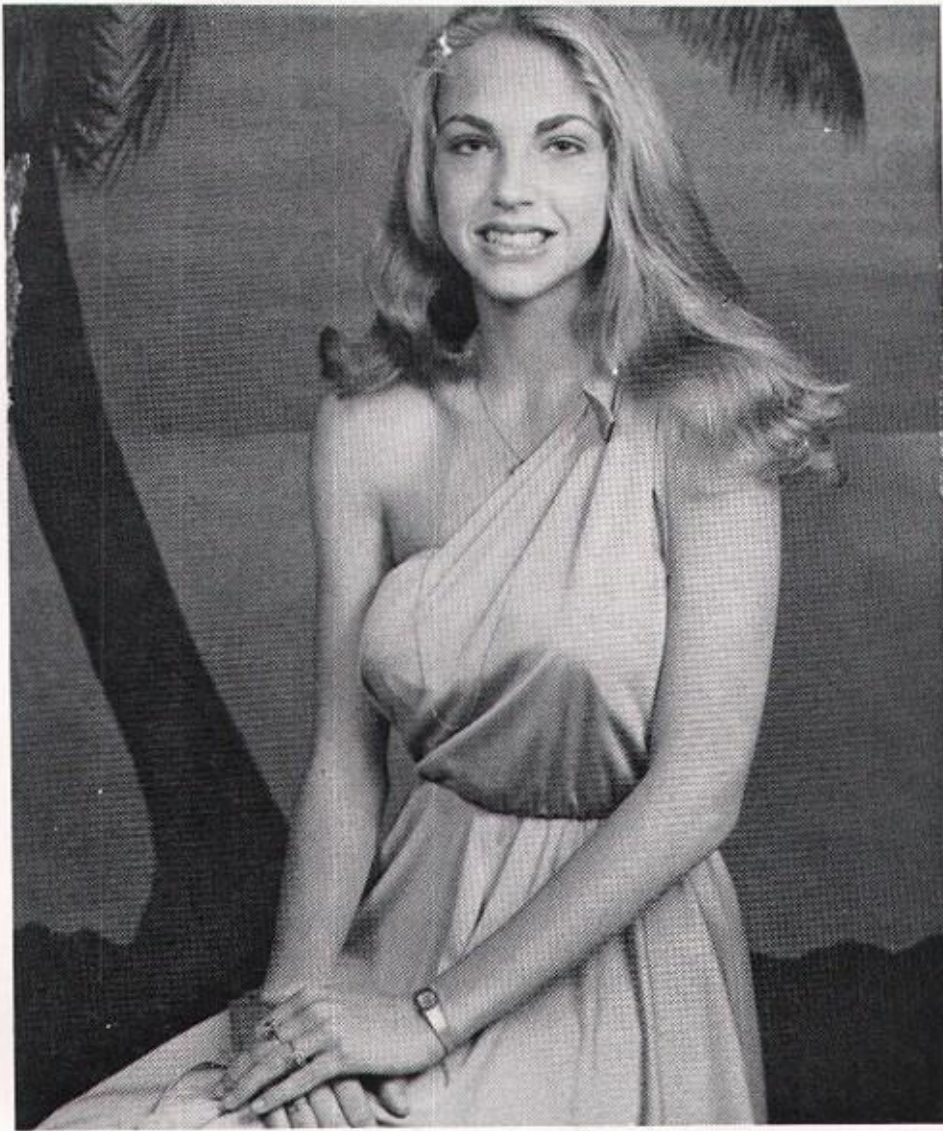

Chosen as this year's Miss RHS was Mindy Goodloe, the daughter of Mr. and Mrs. Bob Goodloe.

Mindy was chosen by Gary Hogan of KTHV-11.

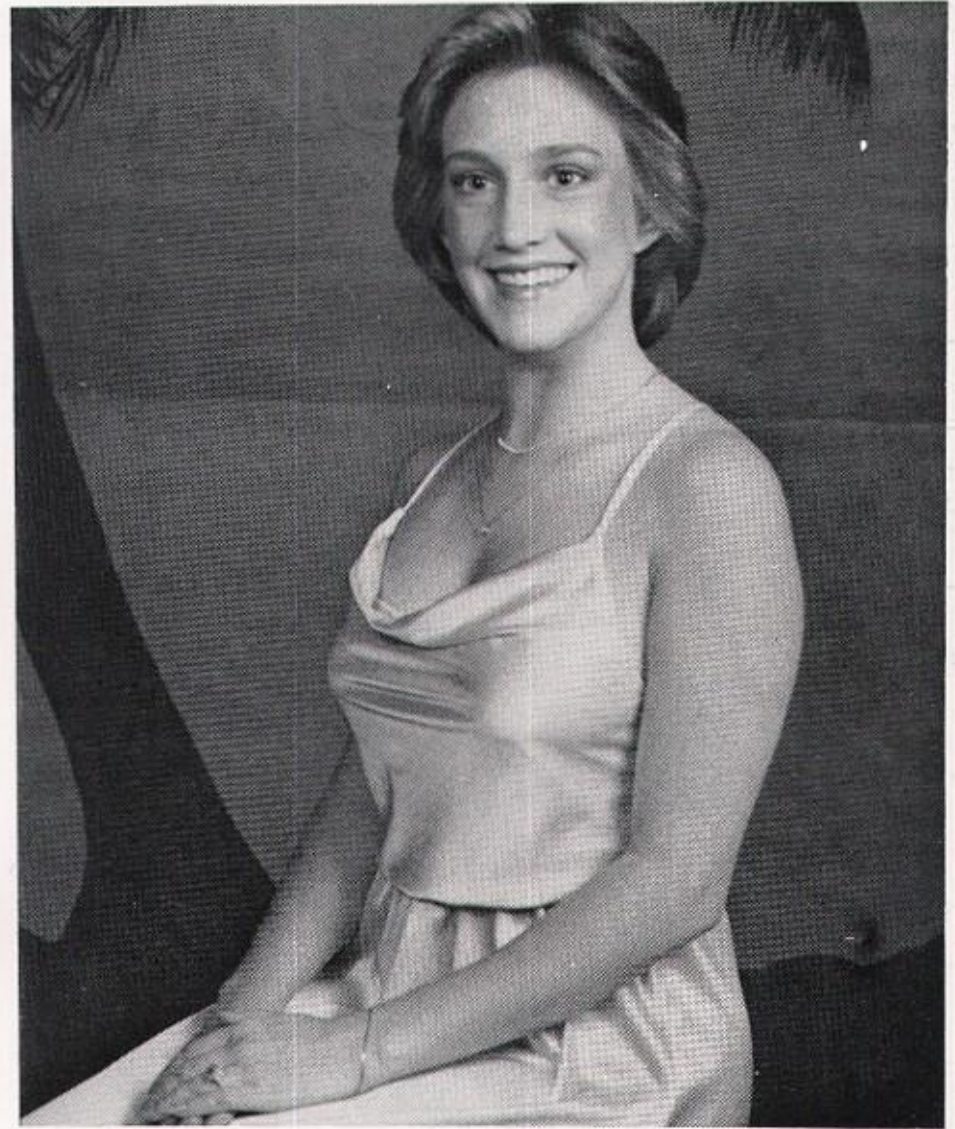

Mindy is a active member of many clubs and organizations around the school. She is a member of the Beta Club, Teens for Christ, Basketball and Tennis teams.

In society, there are institutions that will assist each of us in developing our potentials in any area and at all heights.

We must take these challenges in our democratic society or we will forever be singing that old familiar song, "I wish I had done".

ORGANIZATIONS

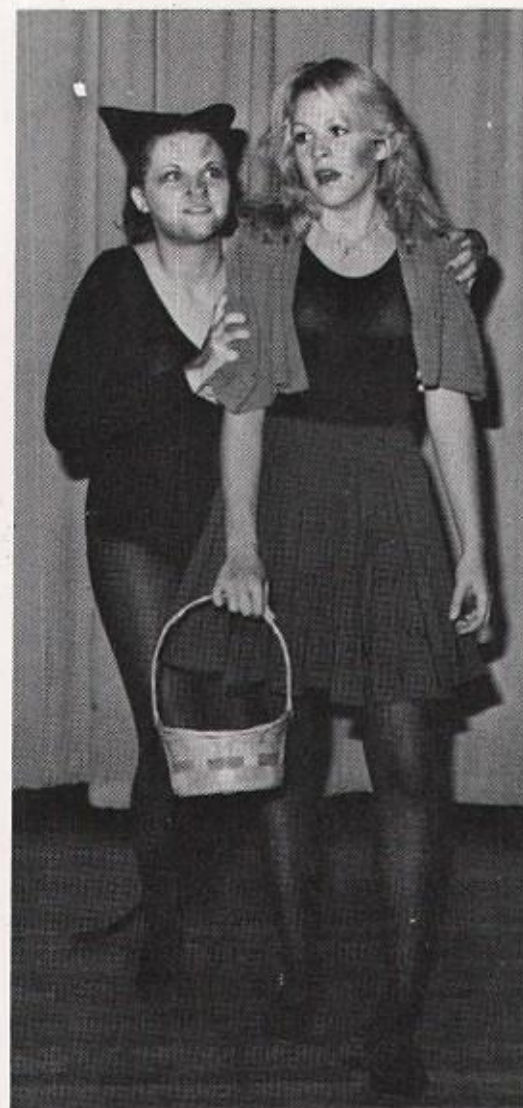

Robinson has many clubs that are offered to its students. On the next few pages are each of the clubs: some new ones have been added; some older ones were dropped. The clubs range in variety from foreign language clubs to business clubs. Also added in this section are Jr. and Sr. Homecoming Royalty and RHS Cheerleaders.

Student Council has active year

The motto "People helping people" became a reality for members of the Student Council.

Under the direction of Mr. William McGaha, sponsor, and Shelly Wilkins, president, the group sponsored such special projects as the homecoming dance, a variety show, teacher appreciation day, and the school Christmas tree, to name a few.

According to Shelly, the council "achieved many of its goals set in the summer of 1979." The active role the council played at RHS was appreciated by both the student body and the faculty.

sis.

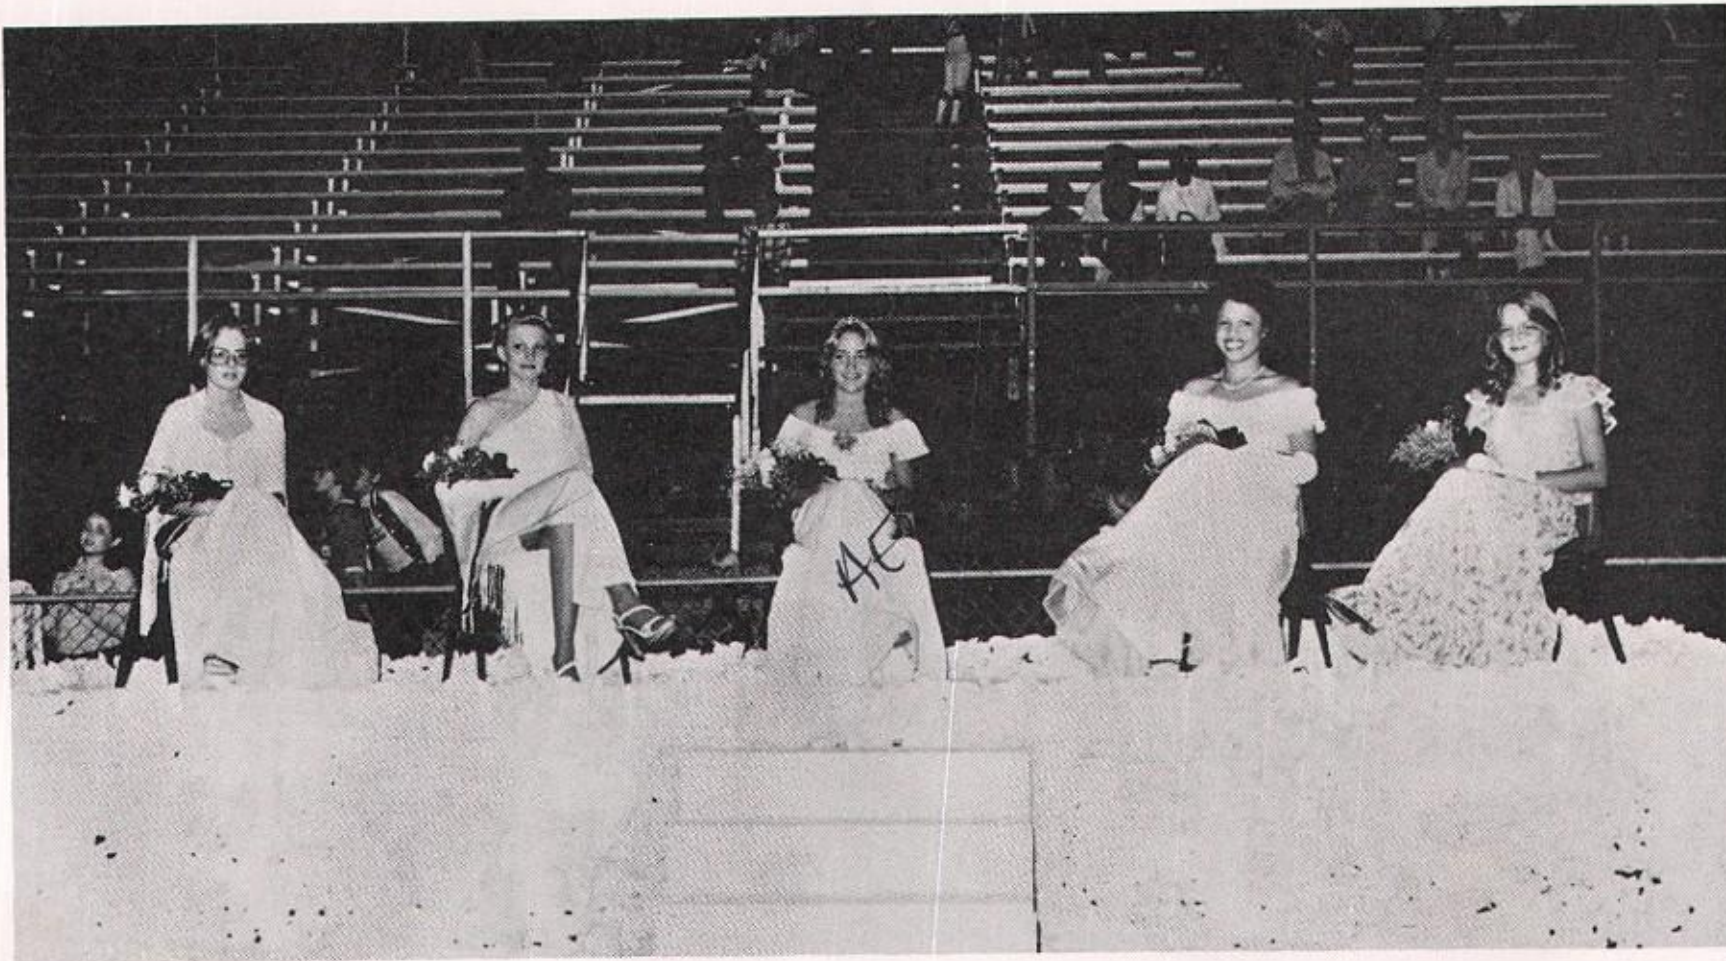

The 1979-80 junior high homecoming was quite a success, with the Senators defeating the North Pulaski Falcons, 6-0.

The victory was one that will not be forgotten by the student body, the Queen, or her court.

THINGS FORGOTTEN

This annual is in no way perfect, but we, the annual staff did our best to bring to you the best year book ever

Although, we did forget some of the names and some pictures. We hope that you will remember the good things in the book.

I did several pages in this annual, and it only took me a couple of hours to do them, but this particular page seemed like it took me a life time.

I don't have room to thank the many people who hepled with the publication of the annual, but I would like to give a special thanks to Shelly, Bo, Lenny and Mrs. Karen Lowery for being there when I needed them the most.

There are some mistakes in this annual, but I hope that you will over look them: and look at the many memories that the annual will bring you in the years to come.

Your Editor,

Michelle Tyler

MISS TOLSON

This is my second and last year to be Editor of the annual. I have enjoyed helping to put this yearbook together. There has been a lot of hard work and long hours put into it and I hope you can appreciate what has been done to make this the best yearbook possible.

We have tried to include all the happenings that have made this year special. We hope that this annual will bring back good memories in the years to come.

I would like to thank Mrs. Lowery and the annual staff for their dedication. Without their help, it could not have been done.
